## **Morgenthaler**

Morgenthaler is a premier venture capital and private equity firm, dedicated to helping entrepreneurs build valuable companies for more than 40 years.

Today, we have nearly \$3 billion under management, including \$400 million in our ninth fund, capitalized in November of 2008. We have invested in more than 300 companies in mainly three sectors: information technology, life sciences and the lower middle market. Our passion for supporting entrepreneurship and innovation has earned us the respect of company founders, management teams and investors alike.

Morgenthaler is comprised of three investment teams:

- Information Technology Team (Morgenthaler Ventures)
- Life Science Team (Morgenthaler Ventures)
- Private Equity Team (Morgenthaler Partners)

## **Morgenthaler Ventures**

Morgenthaler Ventures is our venture capital group, which includes our IT Team and Life Science Team. We are focused on early-stage information technology and life science investments and have offices in Menlo Park, CA, Boston, MA and Boulder, CO.

Representative portfolio companies in the IT space include: NexTag, imeem, Siri, Lending Club, Sezmi, Nominum, JasperSoft, MuleSource, Peregrine Semiconductor, Cortina, Brion, Synopsys, Verifone, Nuance Communications, Apple and NEXTEL. Representative life science companies include: IPC – The Hospitalist Company, Ardian, OncoMed, Satiety, Catalyst Biosciences, Transcend, Galleon, GlobeImmune, Moximed, SetPoint Medical, Promedior, Symphony Medical, Perclose, Integrated Vascular Systems and Medaphis.

## **Morgenthaler Partners**

Our Private Equity Team focuses on lower middle market buyouts and growth equity, with enterprise values from \$50 to \$250 million. We invest in profitable, family and founder-owned businesses and corporate divestitures in two sectors: highly-engineered manufacturing and business services. Our Private Equity Team has offices in Boston, MA and Cleveland, OH.

Our current portfolio of companies include: Affinity Specialty Apparel, Avtron, Comm-Works, Formed Fiber, Phillips & Temro, Rotometrics and Ryan Herco Flow Solutions.
