## Got a startup idea that will transform our healthcare system?

Then we want to hear from you. We're calling on the nation's best and brightest to enter our HIT Startup Showcase challenge - where the top 10 finalists will present their startup ideas on stage in front of 200 HIT entrepreneurs, VCs and angel investors. This spectacular pitch-fest is organized by Morgenthaler Ventures, in collaboration with Practice Fusion, Health2.0 and SVB. Like last year's DC to VC Summit which included keynotes by US CTO Aneesh Chopra and HHS CTO Todd Park, we expect attendance by leading government policy makers. Learn more about the challenge and apply today!

### :: what

DC to VC: HIT Startup Showcase is a nationwide contest to find the best startup ideas in health IT. It culminates with the top 10 finalists presenting on stage on September 22, 2011.

### :: when

DC to VC: HIT Startup Showcase - Sept. 22, 2011

Applications open: May 25, 2011

Applications closed: August 9, 2011

Finalists announced: August 25, 2011

Finalists presenting: September 22, 2011

### :: who

Anyone with a great health IT idea can enter the contest. But sorry, not everyone can attend. The HIT Startup Showcase on September 22, 2011 is an invite-only event. Hit the "Apply now" button above to learn more.

### :: where

Microsoft campus, Building 1  
Mountain View, California

### :: why

Because we care. If you see a problem in healthcare that technology can fix, then join us. This contest is focused on health-tech, not biotech or medical devices.

### :: thanks

We love our advisors & sponsors – props to Gunderson Dettmer and Microsoft.
